Day to day responsibility for ensuring this policy is put into practice is delegated to:

Mrs Morton Lee (Head Teacher)

If the Headteacher is not always there, or does not have time to manage on a day-to-day basis, you can delegate this role to someone else, e.g. Deputy Headteacher, Head of Year, Premises Officer etc. Ensure that the person with overall responsibility is kept informed of health and safety matters – it will still be their overall responsibility

To ensure health and safety standards are maintained/improved, the following people have responsibility in the following areas:

Responsibility: Health & Safety Governor

Delegate functions to people within your organisation either by specific areas within the workplace or by topic. Include their specific responsibilities in their job descriptions (if they have one).

Ensure that they are competent to undertake their health and safety responsibilities and have adequate resources to enable them to do their job properly.

It is important that responsibilities are clearly set out – this will make sure that if there are any health and safety concerns they can be reported to the right person, so they can be dealt with.

You may wish to insert a diagram or chart showing your management structure/arrangements.

Specific responsibilities for head teachers, managers, heads of departments and staff can be found in Section 1 of the Children and Young People Service Health and Safety Policy and Guidance Handbook 2012 which can be found in:

School office

Employees have legal responsibilities to take care of the health and safety of themselves and others, and to co-operate with management to help comply with the law.

Equally, if employees have any concerns over health and safety issues, they should be clear about whom they should tell, so that concerns can be addressed.

All employees have to:

- **co-operate with supervisors and managers on health and safety matters;**
- **not interfere with anything provided to safeguard their health and safety;**
- **take reasonable care of their own health and safety and of others; and**
- **Report all health and safety concerns to an appropriate person (as detailed in this policy statement).**
